## Face ID 4

Face Recognition System for Time Attendance

FingerTec Face ID 4, the all-new powerful facial recognition terminal from FingerTec provides solid identity verification through its contactless biometrics technology, recognizing a face in mere seconds for accurate attendance reporting. Loaded with Face Biobridge VX 8.0, the latest of face recognition algorithm, detecting facial features during enrollment and verification is made quicker and more accurate, and with the high-resolution camera and infrared feature, face detection is possible even under minimal light. Customized for function, the device comes prepared for time attendance usage. Face ID 4 is an ideal solution that is suitable for small and medium enterprises, as well as those in need of a reliable, contactless solution.

### Contactless Identification

With Face ID 4, all you need is one look, and you're ready to go. Facial recognition makes it easy for you to verify yourself without having to free your hands.

### Revolutionary Face Technology

With the latest VX8.0 face recognition algorithm, face detection during verification and enrollment is now quicker and more accurate.

### Multi-Verification Methods

You have multiple verification options with Face ID 4. Verify yourself using face, card, or even by password.

### Ergonomically Designed

The Face ID 4 design is engineered specifically to facilitate easy positioning and alignment of your face for an easy and hassle-less verification.

### Easy Communication Methods

Sync Face ID 4 with a PC using one of these easy-to-use communication methods: TCP/IP or USB flash disk.

### Value for Money

Face ID 4 was designed to be economical so that you are able to implement FingerTec solutions at a lower cost. We believe that when it comes to business and security, there should be no compromise.

### Get Your Extra Features Here
